# A unique MBA

for aspiring leaders and executives,  
**in the heart of Denver**

## The CU Denver Executive MBA is a different degree.

It is mission-driven, student-focused, and  
designed to deliver excellence.

Curated  
cohort

Outstanding  
faculty

Innovative  
curriculum

Hybrid delivery  
model

Exemplary student  
experience

# Executive MBA alumni testimonials

“The CU Executive MBA helped me learn to analyze complex information to make better business decisions. It was invaluable to learn about the day-to-day business decisions that business leaders have to make. The faculty not only want you to learn the material but be able to put it in practice Monday through Friday.”

**Vanessa Samuel, Class of 2022**

*Electrical Engineer and Marketing Manager, Samuel Engineering*

“My classmates were diverse, very intelligent, high-caliber professionals. Everyone brought in a unique perspective and we learned a lot from each other. Our cohort had everything from a VP from the Denver Broncos to a Ph.D. in mechanical engineering. We leaned on each other a lot, and the in-person class format helped us make connections and form some truly lifelong friendships.”

**Bryan Morrow, Class of 2022**

*Director of Real Estate and Facilities, DISH Network*

“Starting this degree gave me the courage to take a step back and start truly seeking out what I wanted from my career. During this first 8 months of the program, I resigned from my employer of 12+years and started working as a Learning Strategist with a consulting firm. I am gaining new perspectives and experience in my field.”

**Danette Muñoz Shaifer, Class of 2022**

*Founder, Florishion Consulting*
